Governor Tom Wolf
Office of the Governor
508 Main Capitol Building
Harrisburg, Pa 17120

Dear Governor Wolf,

On behalf of the Pennsylvania Online Messenger Association and the over three hundred businesses represented, we are willing and ready to support the Commonwealth and the Country in the response to the COVID-19 pandemic. We acknowledge the challenges the Governor's Office is facing while navigating these unprecedented times.

Our industry partners with Penn DOT to provide vehicle titling, vehicle registration, license plate issuance, and driver licensing services supporting industries classified as life-sustaining. With the recent order to close all non-life-sustaining businesses, it is unclear as to whether our industry falls under the life-sustaining or non-life-sustaining industry classification. We believe our industry falls under the life-sustaining classification based on the following:

We support the transportation industry in the following ways:

1. Titling, registration, and licensing for the trucking industry. We are the only mechanism for the trucking industry to get a temporary registration.

2. Titling, registration, and licensing for passenger vehicles supporting the medical, grocery, and pharmacy industries.

3. Titling, registration, and licensing for light and medium trucks supporting the courier and messenger industry.

4. Many in our industry are resellers for the EZ-pass system.

5. In summary we support all essential life sustaining industries.

We are asking for your clarity on our ability to continue to support the life-sustaining activities as defined by your office. The Pennsylvania Online Messenger Association greatly appreciates your consideration of our request.

Thank you for your continued leadership during these challenging times.

Respectfully,

John T. Yurconic
