

PAOLMA STATISTICS SURVEY

The PAOLMA Board would like the following statistics to present to PennDOT, the Governor's Office, Legislative bodies and other entities. We feel it is important to clearly show our value to the above. We realize this information is sensitive to your business and assure you the only ones that will view this information on an individual basis will be Carol Flament and Jo Naccarato. Carol and Jo will then put all the data together into one report. You do not have to put your name on these sheets. Please complete the survey to the best of your ability and email it back to Jo. jo@paautolicensebrokers.com. Some of you may remember this was out before but we did not receive enough completed surveys to get truly representative statistics. Thank you in advance for your anticipated cooperation. This is very important!
