Hi Jo,

Thank you for inviting us to be part of your conference yesterday! We enjoyed the opportunity to educate and raise awareness. Your group was so welcoming and friendly - we appreciated the warm hospitality.

I wanted to share a link with you, as we had a number of people inquire about purchasing AEDs for their businesses / homes.

We currently have 3 purchase options available with great discounts - anyone is eligible to order from these links: https://www.peytonwalker.org/our-services/get-an-aed/

We also have a special package for the Avive AED unit - we offer this package price for $1,799.00 (with shipping, about a $200 savings) - https://store.avive.life/products/corporate-aed-package but you have to order through us. We don't promote this on our website - it's a "friends and family" package and can be picked up at our office in Camp Hill.

Please reach out with any questions.

Thanks,

Julie B. Walker
President & Peyton's Mom
