TUESDAY OCTOBER 8TH PENNDOT

This is still a work in progress. There is still time for your suggestions on topics and who you would like to see attend from PennDOT and as always, we will present them with a list of questions so please email them to jo@paautolicensebrokers.com

PAOLMA FALL MEETING WISH LIST FOR PENNDOT

Our meeting this year will be held at the Best Western Premier Hotel and Conference center located at 800 East Park Drive, Harrisburg Pa 17111 on October 6th and 7th. We are inviting PennDOT to present on Tuesday October 7th from 9:00 AM to 12 Noon. Following is our wish list for speakers and topics.

1. Secretary Carroll
2. Kara Templeton
3. Stephen Madrak
4. Eric Alsvan
5. Joshua Kline
6. Jim Rhodes
7. Natina Davis
8. Someone from Apportioned
9. Someone from contracts
10. Of course anyone that wishes to contribute is welcome

TOPICS

1. Discussion on the new MVDLS system. It will certainly require some adjustments etc on our part and we would like time to prepare.

2. Information on what is needed when our current Agent, Messenger and OLM contracts expire. Do we simply need to sign a new contract? Do we all need to go through a more extensive contract (show example) or do only those agents whose contracts expired because of Covid need to go through the extended contract? What can we expect as far as notification? Previously we were sent or emailed our contracts when the time came and we signed them and sent them back If we need to go through the extended contract procedure, when should we be receiving notification of that? If we need to go through the extended contract, if someone could go over that with us. I know there were several questions on completing some of the items. At what point in time should we panic if we do not receive any information on renewing and who do we contact at that point?

3. Information desired from Apportioned. A report on how this past approtioned renewal season unfolded. How can we help with the next apportioned renewal season. Is in house training still being considered? What exactly are we allowed to do on the apportioned system and some training on it.

4. As always we will be submitting questions beforehand. If those questions can be answered in writing that would be very helpful.
